BUILDING A COMMUNITY OF LEARNING

A LIFE-ENHANCING. INTELLECTUAL COMMUNITY

At the University of Utah, we enjoy one of the largest and fastest-growing Osher Lifelong Learning Institutes in the country. Osher changes lives every day by offering more than continuing education courses. We support a community of curious adults who value education highly.

We are a community of peers, seasoned adults ages 50 and better, who bring a wealth of life experience and knowledge to the classroom and to this special program. We offer courses, lecture series, tours, and educational field trips during four terms each year, six weeks in fall, winter, spring, and summer.

NURTURING RELATIONSHIPS AND CURIOSITY

Osher is built on special relationships. We support passionate instructors who give their time and expertise, sharing what they care about most. We benefit from the skills of dedicated volunteers who recruit instructors, create engaging activities for their fellow members, and help spread the word about this lifechanging program.

BUILD A NETWORK OF FRIENDS

If you are looking for a chance to become more actively engaged and involved in a vibrant community, Osher has an opportunity for you. From simply taking classes or volunteering as an assistant, to serving on an esteemed committee, or even teaching a course yourself to share your life's wisdom, there are many ways to meet new friends, have fun, and make a difference.

Enrich your life by enrolling in one of Osher's engaging classes and events today. We would love to welcome you into our lifelong learning community. Let the learning and fun begin!

OSHER ONLINE WITH NORTHWESTERN UNIVERSITY

A Program for Online Learning with the National Resource Center for Osher Institutes at Northwestern University

The **Bernard Osher Foundation** will continue to offer Osher Online this fall! Run by the National Resource Center (NRC) at Northwestern University, this special program allows members from various Osher Lifelong Learning to participate in shared online courses. These courses are not meant to replace our

locally offered in-person or online courses but rather to supplement our own local offerings. The very high-quality courses feature popular instructors from some of the 125 Osher Institutes across the country.

Osher Online allows Osher members from different states and institutions to learn with and connect to each other while maintaining membership at their own local Institutes. We hope you will enjoy being a part of the fun!

OSHER 760 - Various Courses Taught Online Via Zoom

Please check our website for detailed class listings with topics, instructors, days, dates, and times. This information and the registration deadline will be announced as this information becomes available to us. Enrollment will be limited so be sure to register early! A mandatory orientation will be required for all enrolled attendees.
